EXPERIENCE

NETWORK ADMINISTRATOR

W. W. Wood Products, Inc.

Dudley, MISSOURI

July 2018 - Present

- Configured, monitored, and maintained routers, switches, firewalls, and other networking devices.
- Installed new software applications on the server and configured user access permissions accordingly.

- Provided technical support to network users and troubleshoot hardware, software, and network connectivity issues.
- Set up virtual private networks to securely connect remote users to the corporate intranet.
- Installed and performed upgrades to operating systems and other application software.
- Coordinated with vendors to resolve technical problems with network equipment and software.
- Implemented security procedures such as antivirus protection, firewall configuration, and intrusion prevention systems.
- Upgraded firmware on routers, switches, firewalls, and other networking equipment when necessary.
- Evaluated vendor proposals for new hardware or software solutions before making recommendations for purchase decisions.
- Researched and recommended new technologies and upgrades to keep pace with current technological developments.
- Researched emerging technologies to improve company network infrastructure.
- Assisted in developing disaster recovery plans in case of an outage or other emergency situation.
- Developed scripts to automate processes for system optimization and maintenance.
- Diagnosed, troubleshooted and resolved hardware, software, and other network and system problems.
- Performed data backups and disaster recovery operations.

LAUNDRY AND LINEN TECH

Saint Francis Medical Center

Cape Girardeau, MO

May 2017 - July 2018

- Achieved excellence in delivering finished orders within specified time frames as per company policy.
- Demonstrated ability to safely operate commercial laundry and dry cleaning equipment.

STOCKMAN

Hobby Lobby

Cape Girardeau, MO

December 2014 - July 2018

- Coordinated with other departments within the organization for efficient product flow from warehouse to retail stores.
